Dear Parents and Caregivers,

Thank you for your donations to Orbis. Did you know? 75% of all visual impairment can be prevented or treated, and with your efforts and the activities carried out in school by students - we have been able to contribute to this cause.

On the 18th of March, all Primary students took part in a blindfold lunch session. Most Primary students along with their Year 7-9 schoolmates stepped into the shoes of those with visual impairments by playing sports and taking part in different activities with blindfolds on.

A total of **\$32,341HKD** and **\$5090HKD** were raised in Primary and Secondary, respectively. The grand total raised was **\$37,431HKD**. This amount has been passed on to Orbis, and will go towards providing surgery or glasses to the poorest regions of the world. The support of you and your children will give people a chance of regaining vision and help to change the quality of eye care services they receive.

Once again, Korean International School is grateful in your kind contributions and efforts towards encouraging our students to be more involved in supporting charitable initiatives – helping those less fortunate than ourselves.

Thank you for your continued support,

CHARITY COMMITTEE

Find PASSION; Foster VISION; Encourage ACTION
